

*Central European Science Journals*, an Internet Investors company, is fully committed to providing quality information products and services to academic and corporate researchers in many fields of science. Our mission is to assist Central and Eastern European researchers in communicating their achievements to the global scientific community. For readers and libraries, we position ourselves as the first choice venue for best research generated in Central and Eastern Europe.

### **Call for Papers**

*Central European Journal of Chemistry*

#### **Announcement and call for papers:**

We are glad to announce the launch of a new scholarly journal: *Central European Journal of Chemistry* (CEJCH). The first trial issue of the journal is scheduled for publication in the third quarter of 2002 and the first regular issue in quarter one 2003. We are inviting contributors to submit their papers.

#### **Description and scope:**

*Central European Journal of Chemistry* (CEJCH) provides an international medium for the publication of research results and reviews in all areas of Chemistry. The primary mission of CEJCH is to assist Central and Eastern European researchers in communicating their achievements to the global scientific community, nevertheless, contributions from other regions of the world are by no means excluded. The journal will be in electronic-only format; the language of the journal is English.

#### **News:**

##### *1. Editorial Board*

The following chemists have already joined the Editorial Board of the journals. Further outstanding scholars will be invited in the coming days and weeks.

Anatoly Buchachenko, *Moscow State University and Semenov Institute of Chemical Physics, Moscow*

Jerzy Haber, *Institute of Catalysis and Surface Chemistry, Cracow*

Istvan Hargittai, *Budapest University of Technology and Economics, Budapest*

Janusz Jurczak, *Warsaw University and Institute of Organic Chemistry, Warsaw*

Alexei Khokhlov, *Moscow State University and Nesmeyanov Institute of Organoelement Compounds, Moscow*

Tamas Kiss, *University of Szeged, Szeged*

Jacek Klinowski, *University of Cambridge, Cambridge*

Pavel Kratochvil, *Institute of Macromolecular Chemistry, Prague*

Janusz Lipkowski, *Institute of Physical Chemistry, Warsaw*

Marian Mikolajczyk, *Centre of Molecular and Macromolecular Studies, Lodz*

Ilya Moiseev, *Kurnakov Institute of General and Inorganic Chemistry, Moscow*

Stanislaw Penczek, *Centre of Molecular and Macromolecular Studies, Lodz*

Vladimir Sklenar, *Masaryk University, Brno*

Frigyes Solymosi, *University of Szeged, Szeged*

Karel Ulbrich, *Institute of Macromolecular Chemistry, Prague*

##### *2. Ingenta*

The contents of CESJ journals, including the *Central European Journal of Chemistry*, is maintained online by the world's leading content hosting provider for electronic scholarly journals, Ingenta/Catchword.

### 3. First Paper Online

The first pilot paper of the Central European Journal of Chemistry is already available online <[www.cesj.com/ppcejch.html](http://www.cesj.com/ppcejch.html)>. The following papers will be added in the coming weeks. In the trial period, i.e. by the end of 2002, they will be available free of charge.

**Editor-in-Chief: Professor Mikhail Antipin**

More information on [www.cesj.com](http://www.cesj.com)

### Submission of papers:

1. Sending us a paper, the authors are asked to attach a cover letter detailing what they are submitting. This letter should include:

- your full name (submitted by),
- the full title of your article,
- the short title of your article,
- full list of authors,
- e-mail address and contact address,
- telephone/fax numbers,
- quantity of attached files.

Please send your cover letter along with your paper to the Managing Editor of CEJCH. The preferred means of communication is e-mail.

### 2. Final form

When your manuscript is received at CEJCH, it is requested to be in the following form:

- electronic format (the most useful formats, that we accept are: TeX and MS Word)
- including: header information, abstract, key words, main text, references and your attachments,
- in English language,
- length of paper,
- standard research paper should consist of 10-15 journal pages,
- review paper should consists of 50-100 journal pages.

The above guidelines are an average size of a paper. We do not exclude, however, longer or shorter papers.

### 3. Submitting your paper

All submitted papers are registered in our tracking system and then preliminarily reviewed by our community of editors, who are experts in respective fields. They then send the paper to referees for specialist review.

### Benefits for Contributors:

#### 1. Submission and Editing

- first class editorial team,
- Editorial Board of about 20 distinguished scientists,
- careful, rapid and transparent peer review process,
- time: target 2 months, maximum 3 months,
- author will receive update on major steps taken on his/her paper,

- fast publishing: target 3 months, maximum 6 months,
- flexible approach,
- papers longer than average may be accepted,
- review articles are welcome,
- imperfect English can be tolerated, and will be improved before publishing.

## 2. Technology

- benefits of electronic publishing:
- possibility to include information not available in printed works (movies, 3D data viewers, large databases, etc.),
- reference linking,
- ease of searching and browsing,
- constant access to subscribed issues (even when subscription for next issues has terminated or journal publishing has ceased),
- journal will be provided by Ingenta/Catchword, who currently works for 175 publisher clients and hosts or links to 5400 academic journals.

## 3. Distribution and Marketing

- professional sales and distribution in collaboration with leading subscription agents mainly to U.S. and Western European libraries,
- cooperation with all major abstracting & indexing services,
- sophisticated promotional techniques, e.g. direct marketing to researchers in respective fields; contacting libraries and readers individually.

Papers and comments should be sent to:
